

## Center for Global Understanding Supplement – Summer 2010

Name: \_\_\_\_\_

School: \_\_\_\_\_

One of our goals at the Center for Global Understanding (CFGU) is to cultivate future Muslim American leaders, and we feel it is critical that these individuals have a firsthand understanding of how our democracy functions. We offer scholarships to minimize the financial burden placed on Muslim American students participating in our Internship program in partnership with The Washington Center (TWC). This program encourages students to grow as professionals in any field they choose, develop leadership skills and become civically engaged active members of society.

In order to be considered for scholarship assistance available through CFGU, you must provide:

1. A statement describing how your participation may benefit the Muslim American community and the United States as a whole. Responses should be no more than one page in length, single spaced with size 12 font. Please attach a typed response to this form.
2. A letter of recommendation from an Imam of your mosque or a local Muslim American community leader.

All students are encouraged to review the required agreements and financial policies found on The Washington Center's (TWC) application.

All applicants for CFGU financial assistance are required to check the box and sign below indicating they have read and understood the following agreement.

I agree to attend mandatory meetings by CFGU in the evening or weekends during my internship.

I agree to make at least 3 presentations within six months after the completion of my internship in my community at MSAs, Mosques or other civic organizations and collect exit surveys after the presentation.

I agree to provide results of the exit surveys along with the names, emails and phone numbers of students. I will also provide the names of and contact information for 10 potential scholarship donors in my community.

I authorize The Washington Center to forward my program application and all supporting documents to the Center for Global Understanding for consideration of financial assistance.

I authorize The Center for Global Understanding to share my application with potential donors for funding and use my name and bio for its outreach and marketing programs.
